New Program Coordinator Hired for Senior Center

Macomb Township, Mich., — Senior citizens in Macomb Township are going to have a lot more to do with the addition of a full-time Senior Citizen and Special Program Coordinator in the Parks and Recreation Department.

During the January 11 Board of Trustees Meeting, board members approved the hiring of Aubrey Brohl to take on the position. Brohl has extensive experience working with seniors and previously worked for Macomb Township in a similar capacity.

The person in this position will build relationships with senior citizens and create fun, engaging events for seniors with a broad range of interests. Programs include educational opportunities, social events, fitness classes, crafts, movies, excursions and more.

“Improving our public spaces improves our quality of life, and we’re committed to giving our seniors great places to gather,” said Parks and Recreation Director Sal DiCaro. “We’re excited to welcome Aubrey back to our department. We’re confident she will do a great job, by providing some unique experience for our senior residents.”

Improvements are already underway at the Marvin Blank Senior Center with the addition of an outdoor patio funded by the Community Development Block Grant. Through the U.S. Department of Housing and Urban Development, the CDBG Program helps fund projects that strengthen communities, including community center upgrades. The renovations will also include a repurposing of the old sheriff’s substation into more usable space for seniors.

“We are proud to invest in our seniors and their wellbeing,” said Township Supervisor Frank Viviano. “Giving them a dedicated program director and an upgraded space will create an even more warm and welcoming environment.”
