Recreation Center to Serve as Township's New Early Voting Site

Macomb Township, Mich. --- Macomb Township residents will now be able to vote early for Federal and State elections at the Township's Recreation Center after the Board of Trustees approved the site location during the November 8, 2023, board meeting.

Following the approval of Proposition 2022-2, a constitutional amendment passed by Michigan voters last year, Macomb Township residents can now enjoy the benefits of in-person early voting. Beginning the second Saturday prior to the election through the Sunday before election day, voters can visit the Recreation Center to cast their ballots.

Macomb Township has over 73,590 registered voters, and statistics have shown that roughly one third of eligible voters will choose to vote early.

"The Rec Center has the space that can accommodate the anticipated volume for early voting," said Macomb Township Clerk Kristi Pozzi.

Any registered voter from any precinct can come to the Recreation Center during the designated dates and times for early voting to vote in-person just like voting in their precinct on election day.

"The Clerk's office has been diligently preparing for this new option to vote and we are excited to kick it off for the Presidential Primary Election in 2024," said Clerk Pozzi.

Clerk Pozzi encourages all Macomb Township voters to visit www.mtvoter.org for election information specific to Macomb Township, and to find the 2024 Voter Guide.
