Dog Park Membership Registration to Begin in January

Macomb Township, Mich. --- Starting January 2024, Macomb Township will be introducing a small membership fee for residents and non-residents wishing to use the Macomb Township Dog Park after the Township's Board of Trustees approved the dog park membership and operation policy during the December 6, 2023, meeting.

The membership fee will be \$30 per year for Macomb Township residents and \$46 per year for non-residents. Senior rates are available for residents and non-residents, with the senior resident fee set to \$15 per year and the senior non-resident fee set to \$23 per year. Individuals who are registered members at the Macomb Township Recreation Center will also receive discounted rates. Resident Rec Center members will pay \$15 and non-resident Rec Center members will pay \$23.

For first time membership registration, those applying for a membership will also pay an additional \$10 fee for a key fob to gain entrance to the dog park. Up to two key fobs may be purchased per household. The fobs are a non-recurring fee unless a replacement is needed.

Memberships will be valid from February 1 each year until January 31.

Registration to use the Dog Park allows the Township to ensure a safe environment for all the pets and pet owners. To get a membership, we will require proof of licensing with Macomb County Animal Control on top of rabies vaccination and spay/neuter.

"The membership cost will cover the lawn maintenance, administration and general upkeep of the park," said Macomb Township Parks and Recreation Director Sal DiCaro.

Before visiting the Dog Park, we ask that all who enter thoroughly review the Dog Park Code of Conduct which can be found posted at the entrance of the park as well as on the Macomb Township website at www.macomb-mi.gov/629/Dog-Park.
